The Bulletin

Norwich, Friday, March 19, 1909.

The Bulletin should be delivered
everywhere in the city before 6 a. m.
Subscribers who fail to receive it by
that time will confer a favor by re-
porting the fact to The Bulletin Co.

THE WEATHER.

Forecast for Today.
For New England: Fair and warmer
Friday; rain or snow Saturday;
variable winds, shifting to moderate
east.

Predictions from the New York Her-
ald: On Friday partly overcast with
cloudy and milder weather will prevail
in the southern and snow or rain in
the northern districts, and on Sat-
urday overcast and cooler weather,
with rain or snow in the eastern dis-
tricts.

The following records, reported from
Sevin's pharmacy, show the change
in temperature and the barometric
changes Thursday:

	Ther.	Bar.
7 a. m.	7	30.00
12 m.	12	30.00
5 p. m.	34	29.88
Highest 43.		
Lowest 17.		

Comparisons.
Predictions for Thursday: Fair;
moderate west winds, becoming vari-
able.
Thursday's weather: As predicted.

Six hours after high water it is low
tide, which is followed by flood tide.

GREENEVILLE.

Twin Sisters, Misses Rose and Grace
Driscoll, Celebrate Thirteenth
Birthdays—Other Notes.

A delightful birthday party was
held at the home of Mrs. D. H. Dris-
coll in honor of the thirteenth birth-
days of their twin daughters, Rose and Grace,
Thursday. Refreshments were served
by Mrs. Driscoll, assisted by Miss
Winifred Driscoll and Miss Emma
Moore. Plans and vocal selections
were rendered by the Misses Elsie
McIntyre, Louise Bellefleur, and Mar-
guerite Walsh.

The young ladies were delightful
hostesses and their guests thorough-
ly enjoyed the memorable occasion.

Overhauling Open Cars.
A carload of wheels was shipped on
Thursday by the Connecticut company
to their shops in New Haven, where
the necessary repairs will be made
and the wheels returned. A majority
of the wheels are from the summer
cars, which are being overhauled and
put in condition for the coming sea-
son.

Frank Lee of Palmer, Mass., for-
merly of Greenville, is visiting friends
on Prospect street.

Rev. Marcus J. Simpson of Grace
church, Yantic, delivers the Lenten
sermon at St. Andrew's Episcopal
church this evening.

TAFTVILLE.

March Meeting of Ladies' Benevolent
Society—Junior C. E. Society Formed—Notes.

In the Congregational church par-
sonage Wednesday afternoon the Ladies'
Benevolent society held their monthly
meeting. The president, Mrs. John
Eccles, called the meeting to order and
after singing and prayer the ladies
took up the business of the afternoon,
which was to make aprons and cov-
ering for the pulpit and communion
tables. At 5 o'clock the thirty-two
ladies present sat down to a supper,
the tables for which were decorated in
green, in honor of the day. Those who
served were Mrs. James Graham, Mrs.
George Weller, Mrs. Allen Bogie and
Mrs. William Sanderson.

Later in the evening, a number of
the younger people met in the church
and a Junior Christian Endeavor so-
ciety was formed. This society, whose
members are under fifteen years of
age, was organized by Mrs. D. B.
MacLean and will meet weekly on
Wednesday.

Omner Blain of New Bedford is vi-
siting friends in Taftville.

Rev. U. O. Bellefleur of Wareham
was the guest of friends in Taftville
on Thursday.

Rev. C. Henri Paquette of Will-
marctic was the guest of her parents,
Mr. and Mrs. Antoine Paquette on
Thursday, and called on other friends
in town.

Elias Fortier, son of Mr. and Mrs.
Frank Fortier of Merchants avenue,
left Tuesday for Newport, where he
has entered the naval training station
and will become a sailor.

Oliver Trideman has decided to make
improvements on the house he owns
on Merchants avenue and has let the
contract to Orla Norman. Mr. Nor-
man has two other jobs on his hands,
one to build a new piazza for Napo-
leon Benoit and the other to make im-
provements in J. C. Marston's store.

Purchased for Hanover Mills.
Several pieces of machinery from the
Montville woolen mill have been
sold this week to Angus Park of Han-
over, who has previously purchased
some of the spinning machinery. The
purchases are now being shipped. Mr.
Park intends them for use in his mills
in Hanover and East Glastonbury.
There is no likelihood that the mill
will be operated at least in the near fu-
ture. There are two or three concerns
looking after the plant and a deal will
probably be closed in a few days. The
outlook for a new line of industry
will be established.

Grass Fire.
On Thursday morning Chemical Co.
No. 1 went to the Dr. Mason place for
a grass fire, which it is thought start-
ed from a spark from a locomotive. The
fire was quickly put out.

Death of Rear Admiral Strong
Andover, Mass., March 18.—Rear-
Admiral Edward Frank Strong, U. S. N.,
died suddenly at his home in
this town today.

ELKS ELECT NEW OFFICERS.

William R. Stevens Made Exalted Ruler—Judge Ayling
Delegate to Los Angeles Council.

Thursday night was the stated time
in Norwich lodge of Elks, No. 436, for
the election of officers, and there was
a large attendance in Pythian hall in
the meeting. Exalted Ruler Nelson J.
Ayling presided at the meeting and af-
ter the disposal of routine business the
election was taken up with this result:
Exalted ruler, William R. Stevens; es-
teemed leading knight, Frank J. Au-
brey; esteemed loyal knight, James
Pillmore; esteemed lecturing knight,
Allen C. Matthews; secretary, Timothy
J. Sullivan; treasurer, Thomas H.
Crawford; Tyler, John P. McCormick;
trustees for three years, J. D. Lucy;
delegates to the grand lodge meeting
in Los Angeles, Cal., in July, Past Ex-
alted Ruler Nelson J. Ayling; alter-
nate, Past Exalted Ruler James P.
Hayes.

With the installation of the new of-
ficers, which will probably be at the
next meeting, Exalted Ruler Ayling and
his associate officers turn over the
reins of government after a markedly
successful year, in which there has
been a notable membership gain and
the social and financial affairs of the
lodge have been kept at a high
standard.

In the newly elected exalted ruler,
William R. Stevens, the lodge secures
an able and efficient officer and one of
its popular members, whose term
promises to be a good one for the
lodge. He has been chaplain this
year. The new secretary, Timothy
J. Sullivan, who was elected, is a
well known member of the lodge and
will make the appointments of es-
quire, inside guard and chaplain.
Timothy J. Sullivan, who was elected
secretary, is a new to the official
rank, taking the place of Edward S.
Hinckley, who was not a candidate for
re-election. Mr. Hinckley has held the
office continuously since 1904, and
his change with fidelity and
efficiency, Thomas H. Crawford, who
was re-elected treasurer, is entering
his seventh successive year in this
office.

Big Short Calendar List
FOR THIS MORNING.
Local Case in Civil Superior Court
Goes Over Until Saturday Morning.
In the superior court at New Lon-
don on Thursday there was but one
case for the entire day, which was that
of Frederick Baltimore vs. Jeremiah J.
Desmond, administrator, and others.
The suit is to have the title of a prop-
erty in Lyndard placed in Baltimore's
name.

The property, according to Bal-
more's claim, was purchased by him
from a Mrs. Gadsby. The money for
the purchase was borrowed by a Mr.
Chevalier and the title was wrongfully
placed in Chevalier's name. Attorney
Desmond is sued as administrator of
Chevalier's estate, Chevalier having
since died.

Attorneys C. Hadall Hull and Frank
L. McGuire, of Hull, McGuire & Hull,
represented Baltimore, while Mr. Des-
mond defended himself. The case was
set for trial on Saturday morning.
Mr. and Mrs. Baltimore both testi-
fied in the case, as did Mrs. Phoebe
Desmond, who appears for him-
self with the assistance of a Mr.
Cock, who was on the stand when court
adjourned late in the afternoon until
this morning. The case was, however,
continued until Saturday morning.

This morning there is short calen-
dar business and it is understood that
there is a long list of it to be disposed
of, including a divorce case.

EXTRA BOAT NEEDED.
Signs of Increasing Business—Freight
for Points North.

The first real signs of an increase of
business hereabouts will be noticeable
today, when a third boat will begin
making trips on the Central Vermont
line, between New London and New
London New York. The running
of a third boat is due to the vast
amount of freight now held at the New
York wharf, awaiting forwarding to
New London, consisting of iron and
points north. The additional boat will
be the New Haven railroad freight
steamer City of Fall River. This boat
will leave New York Thursday night
and will reach New London this after-
noon or evening.

The Fall River will be maintained on
the line as long as the business war-
rants. The regular steamers, Mohawk
and Mohegan, carry nightly from 1,500
to 1,600 tons of freight. The Fall River
carries about 800 tons of freight.
The regular steamer, Mohawk, carries
about 1,000 tons of freight. The Fall River
carries about 800 tons of freight. The
Fall River carries about 800 tons of freight.
The Fall River carries about 800 tons of freight.

OBITUARY.
Giles Bishop.

Giles Bishop, one of New London's
oldest residents, died Tuesday
afternoon after an illness of five weeks with
grip, although his health had been im-
paired for nearly two years. Mr.
Bishop was in his 82nd year and sur-
vived, besides his wife, by five of nine
children born, namely: Miss Nettie J.
Bishop, Isaac C. Bishop, Mrs. Sidney H.
Mink, John H. Bishop, Harry H. Bishop,
of Colorado, and John H. Bishop, Jr.,
of Colorado. Mr. Bishop was a member
of the U. S. A., stationed at Portsmouth,
N. H. He was a member of Union
Lodge, P. and A. M.

Mr. Bishop was for many years one
of the leading photographers of New
London. He was born in Chesterfield
in 1827. His early boyhood was spent
on a farm in New London. When a
young man he joined the explorers of
the western mining region, going to
California in 1849. After remaining a
few years in that locality he departed
for Vancouver, where he was located for
a short time, taking up the business of
photography then. Then he came east
and located in Baltimore. In 1858 he
came to New London and was mar-
ried Miss Charlotte T. Comstock.
Mr. Bishop opened a photographic
business later, and since the time of
the establishment of the business he
maintained it until ill health made it
impractical to relinquish his business
efforts.

Mr. Bishop was perhaps as well
known in New London as any of its
citizens. He was universally liked by
all his acquaintances, who will regret
deeply his death and unite in giv-
ing words of sympathy to his family.

DOUBLE TRACKS FINISHED.
Work Between Waterbury and Tolland
Station, Near Terryville, Finished—
Will Extend to Hawleyville.

The double tracking of the old High-
land division, from Tolland to Water-
bury, has been practically completed,
and the temporary trestle station at
the summit, just west of Terryville,
the highest point of the long hard
grade which has long been a hard
route for heavy freight trains, has been
replaced by a permanent one. The work
on the proposed big tunnel east of
Terryville has been at a standstill for
some time and was practically
halted by the only railroad improve-
ment in the state that was stopped by
the panic. Only about a fourth of
the work on the tunnel has been com-
pleted.

The Automobile club of America has
established a new class of membership,
known as clubroom members. It is
limited to those who have been estab-
lished for men interested in automobiles,
who do not own cars and, therefore,
will not use the garage facilities, tour-
ing information and maps which the
club supplies its active members.

NORWICH TOWN.

Had Same Birthday as St. Patrick—
Puzzle Party in Green and White—
Various Local Jottings.

A puzzling time took place at the
home of Mr. and Mrs. L. A. Hyde of
Washington street on Wednesday
evening. A cobweb stretched across
the parlor and puzzles were found at
the ends of the strings. The O'Flan-
gan twins were present, decked in
dresses covered with green paper
shamrocks and picture puzzles. Re-
freshments were served in the dining
room, which was decorated in green
and white. The menu cards were pu-
zles in honor of St. Patrick. David
Livingstone, William J. Bryan and
George F. Hyde, whose birthdays the
even celebrated. The favors were tiny
green baskets filled with candy.

To Attend Poultry Show.
Woodbury O. Rogers of Washington
street goes to Eastford today (Friday)
to attend the poultry institute. There
are two sessions, morning and after-
noon. Mr. Rogers gives an address on
Poultry on the Farm.

Mrs. Thomas Bulkley of Peck's Cor-
ner is ill with grip.

Miss Edith Standish of Colchester is
the guest of Mrs. George Beebe of
Scotland road.

Mrs. Curtis Hall of Bliss place left
town on Thursday for a few days' visit
in Providence.

Henry Wilcox of Scotland is visiting
his aunt, Miss Emily H. Wilcox, of
Scotland road.

Mrs. Robert Brown and family of
Franklin were with Mrs. George
Douglas on Wednesday.

Mrs. Eben Allen and Miss Grace
Bush of Washington street spent a day
in Willimantic this week.

Mr. and Mrs. W. D. Fitch of Law-
rence street, New Haven, are with
their mother, Mrs. W. H. Fitch, for the
week.

The Foreign Missionary society of
the First Congregational church unites
with the Broadway society this (Fri-
day) afternoon.

Mr. and Mrs. William H. Bush of
Riverbank court, Cambridge, came on
Wednesday to spend the remainder of
the week with Mr. and Mrs. Eben Al-
len of Washington street.

PEKING'S MANY TEMPLES.
Religious Census of City Sent to the
State Department.

Washington, March 18.—There are
eleven or twelve Christian churches or
temples in the city of Peking, accord-
ing to a census of the religious de-
partment of the Chinese ministry, tak-
en by order of the Chinese ministry of
the interior.

The total of temples with their in-
habitants, as shown by the census, is:
Temples, 1,049; Christians, 1,563;
Taoist priests, 133; Nuns, 162; students,
934; servants, 795; and lodgers, 15,446.
In transmitting the information to the
state department Minister Rockhill
says the number of Buddhist priests does
not, he thinks, include about 400
Monks of the Yung Mo Kung
order, who are in the city of Peking,
of whom there are about 100, nor does it
take into account the Mohammedan
mosques, of which there are about six-
teen, nor the numerous ancestral tem-
ples.

MERELY A "PIPE DREAM."
No Combination of the Independent
Steel Manufacturers.

Pittsburg, Pa., March 18.—After a
thorough investigation of a story sent
from this city last night, concerning a
great combination of independent steel
manufacturers, the Associated Press
learned today it is absolutely incor-
porated in the plans of the Steel Trust.
No such combination is contemplated
as far as Pittsburg independent
steel manufacturers know, and, accord-
ing to B. J. Jones, Jr., president
of the Jones & Laughlin Steel Co., Ltd.,
the idea is ridiculous.

"The only foundation for this story,"
said Mr. Jones, "is in the imagination
of some newspaper men in this city,
who, to say the least, must have in
his possession an extra line brand of
pipe dreams."

PENNIES TO HOSPITAL.
Small Coins in Pay Envelopes to Go
to Support Meriden Institution.

By penny contributions workingmen
here are making the Meriden Under-
cliff sanitarium, a public hospital for
tuberculous patients.

Factory operatives and other work-
ingmen will make arrangements with
their employers whereby the pennies
in their pay envelopes will be withheld
each week and at the end of every
month the employers will turn over
the money to Undercliff. No contri-
bution will be made that four cents in
a week. Professional men will be
asked to make similar weekly dona-
tions.

Count Leo Tolstol Again Ill.
St. Petersburg, March 18.—Count
Leo Tolstol is again suffering from in-
flammation of the veins in his leg, but
his condition as yet is not serious.

Surrounding Towns

Rockville.—The Tolland hotel, the
Tolland house, will not be open for
business this summer as in past years,
as it has been rented by Miss Julia
Young of Tolland and Mrs. Mary Mor-
gan of Rockville. There will be the
usual number of boarding houses for
summer guests.

Somers.—The Somers Creamery as-
sociation will have a milk gathering
on the different routes for the coming
year, beginning April 1. George F. Kil-
be for North Somers and Hall Hill,
William Sanderson for Somersville
and Walling, Fred Pease for the ninth
district and south road, Cresson Ward-
well for the mountain and Davis dis-
trict.

Old People

NEED VINOL
it strengthens and vitalizes
Vinol tones up the digestive organs,
adds assimilation, enriches the blood,
and rejuvenates every organ in the
body. In this natural manner Vinol
replaces weakness with strength.

We are positive it will benefit every
old person who will give it a trial.
If it doesn't we will refund their money.
N. D. SEVIN & SON, Norwich.

BAD STOMACH

Many in Norwich are Being Thorough-
ly Purified by Mi-o-na, the Guar-
anteed Cure for Indigestion.

People of Norwich who suffer from
dyspepsia and other stomach troubles
are getting tired of taking prepara-
tions containing pepsin, because pep-
sin simply digests the food artificially.
Pepsin relieves, it never cures.
And remember, pepsin only digests
animal food; it has no effect on starchy
food, such as potatoes, rice, bread, etc.
Mi-o-na cleanses and purifies the
stomach and bowels, and tones up and
puts energy into the stomach walls, so
that they properly mix the food with the
natural digestive juices of the stomach.

Mi-o-na tablets quickly arouse the
stomach from its inaction, and in a
few days it is able to do its work easily
and without exertion. There will be
no more sour stomach, fermentation
of food, dizziness, sick headache, belch-
ing of gas, or foul breath.

Mi-o-na only costs 50 cents a large
box and is guaranteed by The Lee &
Osgood Co. to cure dyspepsia, sea or
car sickness, vomiting of pregnancy,
and stomach sickness resulting from
over-indulgence of the night before, or
money back.

HYOMEI
(PRONOUNCED HIGH-O-ME)

CURES CATARRH, ASTHMA,
Bronchitis, Croup, Coughs and Colds, or
money back. Sold and guaranteed by
THE LEE & OSGOOD CO.

ALL IN THE GOLDEN FUTURE.
Beautiful Picture of What Life on the
Farm is to Be Like.

The future farmer will subjugate
his land, and defy drought as well as
floods. He will become a scientific
forester, and every farm will produce
wood and lumber as well as wheat and
apples. A single acre will produce
what ten acres yield now. Women
will work out doors as heartily as
men; in fact, they will be the horti-
culturists and the truck gardeners.
There will be closer relation between
the producer and the consumer ig-
noring a horde of middlemen who fre-
quently waste more than is destroyed
by ignorant help and insect foes com-
bined. Under the alliance with the
school the farm will be valued not only
for its gross weight of products, but
for its poems and its education. As
our schools become places for apply-
ing as well as acquiring knowledge,
our farm homes will become integral
parts of the garden school and the
school farm. The alliance between the
home and the school will become very
close. A valley full of farms is al-
ready the nearest to paradise that we
have, but the future will tenfold its
wealth and hundredfold its delights—
Independent.

AS EXPLAINED BY THE GUIDE.
Garrulous Old Woman Found Out
What Caused Steak on Water.

The garrulous old woman in the
stern of the boat had posted the
guide with her comments and ques-
tions ever since they had started. Her
meek little husband, who was hunched
toad-like in the bow, fished in silence.
The old woman had seemingly ex-
hausted every possible point in fish
and animal life, woodcraft and per-
sonal history when she suddenly es-
pied one of those curious paths of
oil, unbroken water frequently seen
on small lakes which are ruffled by a
light breeze.

"Oh, guide, guide," she exclaimed,
"what makes that funny streak in the
water—No, there—Right over there!"

The guide was busy rebutting the
old gentleman's hook and merely mum-
bled "Um-m-m."

"Guide," repeated the old woman in
tones that were not to be denied, "look
right over where I'm pointing and tell
me what makes that funny streak in
the water!"

The guide looked up from his bait-
ing with a sigh.

"That? Oh, that's where the road
went across the ice last winter."—
